

Letter of Appreciation from a SACTWU member:

Hi Sheila Van Rensburg

It is with heartfelt gratitude that I am writing this letter of thanks to you.

In 2015 you blessed my daughter Kim-lee Schuller with a 3 year study bursary. In the interim she has graduated with a Bachelor of Arts Degree on the 4 April 2018 at UWC. I thank you for the seed that you have sown into my daughters life. We do not take it lightly and will be eternally grateful to you and honor your good deed with hard work and good results.

On the 5 April she will be starting a new job at Heart 104.9

As a mother I work at ITL - Woven Labels department

My name is Charmaine Schuller

As a working class mother, Without your bursary it would not have been possible for my daughter to study. I hope that bursaries will still be available for our future generations to come.

Best Regards
Charmaine Schuller
